**NOTES:** THIS FLY HAS WORKED VERY WELL FOR US FROM BC TO QUEBEC FOR STILLWATER TROUT. IT'S SOMEWHERE BETWEEN AN OLIVE LEECH AND A DAMSELFLY. USUALLY TIED WITH A GLASS BEAD HEAD, THE BRASS OR TUNGSTEN VARIANT IS GREAT FOR PICKING POCKETS IN WEEDS OR FISHING DEEP EDGES WITH, TRY IT FOR YOURSELF! MAKE SURE TO KEEP THE BODY SLIM AND TRY NOT TO OVERDO IT ON THE HACKLE.
