MATERIAL LIST

THREAD: VEEVUS 12/0 RED

HOOK: DOHIKU 302 HDN #8-14

TAIL: COQ DE LEON OR ANTRON FIBRES

BODY: HARE'S EAR DUBBING (FROM A MASK IDEALLY)

RIB: SMALL GOLD WIRE OR TINSEL

HACKLE: BROWN HEN HACKLE OR OTHER GAME HACKLE

NOTES: THIS GANGLY LOOKING WET HAS DONE VERY WELL ON LAKES AND RIVERS FOR US! THE GOAL HERE IS TO MAKE THIS THING AS SCRUFFY AND FRANKLY, UGLY, AS POSSIBLE. THE HAIR OFF A HARE'S MASK TENDS TO BE A LITTLE MORE ON THE PALE ORANGE SIDE OF THINGS THAN THE PRE-MIXED PACKS, SO IF POSSIBLE, TRY TO USE THIS FOR THE BODY. FOR THE HACKLE, A MOTTLED BROWN HEN, GROUSE, DARK PARTRIDGE, HEN RINGNECK OR MANY OTHER GAME BIRD HACKLES WILL WORK WELL.
